

The Arizona Department of Education and Arizona Board of Regents announce availability of FY2015 project funding under the Federal Improving Teacher Quality (ITQ) grant program. For this funding round, we are running two concurrent competitions, with separate RFPs and application materials. These are:

FY2015 LEVERAGE GRANTS:

T

Standards (AZCCRS) in Math, Science, and English/Language Arts. Large-scale, high-impact collaborative projects, initiated by and directed through an Arizona state board-approved teacher/leadership preparation program, to provide professional development for teacher/principal teams at high-need K-12 districts, focusing on strengthening content knowledge, pedagogy, and educational leadership in implementing AZCCRS across any of the three academic areas.
